- Update on Family Catechesis - Fr Enan and Melissa Coleman (10 min)
Wanted to make sure that school families understand what is being offered. Social opportunities for students and parents as well as faith formation. Goal is to open this for anyone – anyone through parish or school. The first 3 Wednesdays of the month there are opportunities. The first 2 Wed are meant to be more about community for the kids. The programming for adults is more programming with the intent that parents bring it home to the family. School families meet parish families, etc.
